## 3rd AASP Pharmacy Deans Forum

*Regional Harmonization  
of Pharmacy Education  
in Asia*

28-29 June 2014

at Keio University  
Faculty of Pharmacy  
Tokyo, Japan

Dear colleagues,

Greetings from Tokyo.

We are pleased to announce the 3rd AASP Pharmacy Deans Forum 2014 and invite deans, directors, academics and leaders from all Asian countries for participation.

The Asian Association of Schools of Pharmacy (AASP) serves as a platform for the exchange of ideas and strategies in pharmacy education as well as to foster research collaborations among the member pharmacy schools in Asia. Among the activities of AASP there are the biennial Education/Practice/Scientific Conference which has been held since 2004, and Pharmacy Deans Forum which aims to address current issues in pharmacy education in Asia that Pharmacy Deans, the Faculty and the academic institutions are confronted with. Both the Conference and the Pharmacy Deans Forum are held biennially, but in alternate years. The 3rd Pharmacy Deans Forum will be held in Tokyo on 28-29 June 2014 with the theme, Regional Harmonization of Pharmacy Education in Asia. Distinguished speakers will be invited from Asian countries to share their experiences.

The Deans Forum will also offer a valuable opportunity for interaction and networking among academia from the different schools of pharmacy in Asia. We look forward to seeing you and many other participants at the 3rd Pharmacy Deans Forum in Tokyo.

Sincerely,

**Tomoo Itoh, Ph.D.**

Chair, 3rd AASP Pharmacy Deans Forum  
Organizing Committee
